Customized Color Client Logo Printed Client LOGO Engraved

- The values indicated are approximate and are based on practical experience and ISO 86111-, evenly distributed load over pallet surface, at ambient temperature (23° C) for a specific time. Different load conditions produce different values that have to be checked at the customer's request. Any deterioration or breakage in the pallet may vary these results.

- Due to the characteristics of plastic materials and manufacturing process, the dimensions and the weight of the pallets may present certain tolerances.

The specification can be affected in case of alteration of the product with parts and / or materials different from those approved by the RePall quality department.
RePall reserves the right to modify any information herein indicated without prior notice.

- Any warranty, specification or liability on the part of RePall will be terminated in case of modification of the product with spare parts not supplied by RePall.
