

REP HP-05MU

These pallets have maximum load stability and durability for intensive industrial use. These units provide a cost-effective alternative through an extended service life and minimal maintenance requirements in closed-loop systems. Engineered for precision and strength, they ensure seamless integration into automated workflows while optimizing long-term operational savings.

DETAILS:		OPTIONS ON REQUEST:	
Dimensions (L x W x H) mm	1200 X 800 X 150	Logo (Printed / Engraved)	
Upper Surface	Semi-Closed	Steel Enforcement	
Product Design		Safety Lips	
Standard Color		Freezing	

ADVANTAGES:

- Anti-impact perimeter
- Large window operations for easy handling
- Plastic pallets have fewer or no repairs.
- Plastic pallets improve efficiencies due to standard dimensions and lack of broken board.
- Plastic pallets offer better product protection no nails or broken boards to damage payload.
- Plastic pallets offer better stability no damaged or missing boards causing spills or falling stacks.
- Plastic pallets improve safety and lower workers compensation claims.
- Plastic pallets allow for greater utilization of warehouse space stability and higher stacking

RECOMMENDATIONS FOR USE:

- ✓ Do not stack more than 30 pallets, which is equivalent to a height of 4.65 m when empty.
- ✓ Once stacked in height check that they are properly fitted.

- The values indicated are approximate and are based on practical experience and ISO 86111-, evenly distributed load over pallet surface, at ambient temperature (23 C) for a specific time. Different load conditions produce different values that have to be checked at the customer's request. Any deterioration or breakage in the pallet may vary these results.
 - Due to the characteristics of plastic materials and manufacturing process, the dimensions and the weight of the pallets may present certain tolerances.
 - The specification can be affected in case of alteration of the product with parts and / or materials different from those approved by the RePal quality department.
 - RePal reserves the right to modify any information herein indicated without prior notice.
 - Any warranty, specification or liability on the part of RePal will be terminated in case of modification of the product with spare parts not supplied.
